Hyatt is an international chain of premium hotels, headquartered in Chicago. The main task of the hotel is to provide comfort and coziness for each guest, which will leave an unforgettable mark in the memory of each hotel guest. That is why the hotel

staff is meticulous about the choice of each design element, as well as the selection of engineering solutions that have high requirements for reliability and safety for human life and the environment.

In 2020, Hyatt Regency Kyiv renovated its riser systems. Given the high standards of the hotel and the short deadlines for the reconstruction, the main requirements when choosing were the speed of installation and safety of solutions that would guarantee comfort for hotel guests in the future. That is why, after carefully analyzing the systems and solutions offered on the market, Uponor metal-plastic systems were chosen, which have proven themselves not only as a reliable solution, but also as a universal and ergonomic system that is easy and quick to install.
